Teamwork

Patricia Diniz

IT Project Manager | Team Lead | Software Developer
Calgary, Alberta, Canada

Summary

Experienced Agile Project Manager over 6 years

I have a passion for new technologies, features, and products. I like
teamwork and helping to solve technical problems.
I love building relationships with people and discussing new market
trends, sales, and technological innovations.
I love learning about Agile, Software Architecture, IT automation,
DevOps culture and ways to scale applications when necessary,
